

Henry Hitchcock Esq
Dear Sir

New York, March 31/70

Yours of the 24th just with
regard to the Silver at hand - should an
order come to the use of it (which I expect) I
will see that you have sent you, if Express, that
portion which my wife does not want. You know
she is desirous of having one of the Sugar Bowls &
Milk Cups - By the way she denies knowing anything
about a "Proctor Camera". Hoping this may reach
Mrs H & Lizzie better in health

Yours Truly
Edwin L. Thorndike
